

4 Courses

Database Design and Basic SQL in PostgreSQL

Intermediate PostgreSQL

JSON and Natural Language Processing in PostgreSQL

Database Architecture, Scale, and NoSQL with Elasticsearch

Jul 21, 2025

Charles Severance
Clinical Professor,
School of Information
University of Michigan

Shashank Prakash

has successfully completed the online, non-credit Specialization

PostgreSQL for Everybody

In this course series, learners gained skills to use the PostgreSQL database and explored topics ranging from database design to database architecture and deployment. Other focus areas included comparing and contrasting SQL and NoSQL approaches to database design. Projects focused on creating and manipulating tables, designing data models, constructing advanced queries, and techniques for working with text in databases, including regular expressions.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
